

## Using the Search Function on BIRD

1. You can use the Search entry box to search for a word. Warning: The search function will result in a list of every resource containing that word in our database. The following graphic is a partial result of a search for health care.

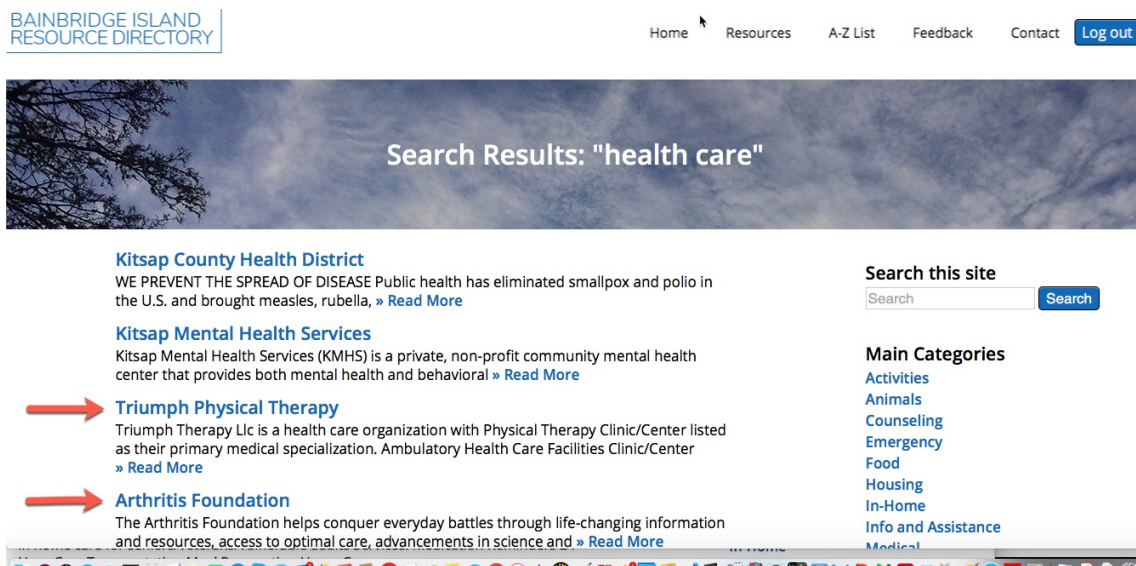

The screenshot shows the BIRD website header with the logo "BAINBRIDGE ISLAND RESOURCE DIRECTORY" and navigation links: Home, Resources, A-Z List, Feedback, Contact, and Log out. The main content area has a blue background with the text "Search Results: health care". Below this, there are four search results listed:

On the right side, there is a "Search this site" box with a search input field and a "Search" button. Below it is a "Main Categories" list: Activities, Animals, Counseling, Emergency, Food, Housing, In-Home, Info and Assistance, Medical.

2. To search for a specific combination of words you can put your search term in quotations marks, e.g. "health care". Note that the search results differ once you require the phrase health care instead of searching for health and care as individual words. This will narrow down your search to more closely match your need.
